HARTLEY FARMS Scotch shorthorn sale

March 16, 1953
Baxter Springs, Kansas

We Invite You!

Again, we invite you to our Shorthorn Sale. Following sales in 1950 and 1951, we did not hold an auction last year. This gives us the opportunity to really offer a set of strong aged bulls and a wonderful group of females. These are of our own productions, plus the tops out of the C. L. Mattix herd that we purchased early this year.

We have had some excellent reports from purchasers in our former sales with the success they have had with the sons and daughters of Glassel Dura. The first calves by Imported Moy Bounty are developing along the same splendid pattern good heads, ruggedness, substance and lots of bone. We think the bulls we are offering will be a real challenge to you, and we are confident that the greater portion of them will carry that prepotency that will make them valuable herd headers. The females also include some top-notch attractions in one of the largest groups of cows with calves at foot that will be offered anyplace this spring. We do hope that you can be with us for a pleasant and profitable day at the farm on March 16th.

M. R. and R. F. Hartley, owners

"Bull Power is Our Theme"

American Shorthorn Breeders' Ass'n. Guarantee

1. Proper care must be given by purchaser to protect qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later submitted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's disease of the state or country into which they may be shipped.
6. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All animals sold in this sale will be backed by the above Standard Guarantee.

WE BOUGHT THE ENTIRE C. L. MATTIX & SON HERD AND INCLUDE THE TOPS IN THIS SALE

The C. L. Mattix & Son registered Shorthorn herd at Pittsburg, Kansas, has generally been recognized as one of the top herds in Kansas. Following Mr. Mattix' sudden death in early December, the herd was offered to us intact, including 39 females, 11 of these had calves at foot that were all sired by the three-year-old herd bull, Mercury's Command, a half brother to the \$10,000 Mercury's Jasper 2nd, both sired by Bill Thorne's noted Sni-A-Bar Random Mercury. The cows are daughters of Royal Command by Village Count and Royal Commander by Edellyn Royal Favorite. They are a great set of cattle and we are sure that the three-year-old bull Mercury's Command will be one of the sale attractions.

MOY BOUNTY — we purchased this son of Crichton Air Marshall to use on the daughters of Glassel Dura. We are offering the first bull calf sired by him in this sale and a good many of the calves at foot are also by him. If you like ruggedness, substance, good heads and short legs in your Shorthorns, you will go along with us when we say that we think he is one of the good breeding bulls in the country.

A STATEMENT FROM MERV AEGERTER

Hartley Farms have made a wide circle of friends in the Shorthorn business with their sons of Imported Glassel Dura. People like the extra ruggedness, substance, heavy bone and good heads of the sons and daughters of this bull. It looks to me like the Hartley's "hit two good bulls in a row" when they purchased Imp. Moy Bounty. Mated to the daughters of Glassel Dura, the calves they are producing sired by this young bull are certainly their best to date. They have ruggedness, substance, good heads and fleshing of the Glassel Dura's and if anything, are even shorter legged. If you are one who can use some extra substance and scale in your Shorthorn breeding operations, it will certainly pay you to be at the Hartley Farm on March 16th.

**HERE IS WHAT A FEW OF THE MANY SATISFIED OWNERS
OF SONS OF IMPORTED GLASSEL DURA SAY**

Dear Merv:

We think that HF ENSIGN DURA is one of the best bred and most outstanding Shorthorn bulls in Southeast Missouri. He is siring a fine lot of calves for us and is a sure breeder. Visitors to the farm are always favorably impressed with him and we are consigning his first calves to the Cape Girardeau Sale on March 13th.

Yours for good Shorthorn cattle

Dear Merv:

I am glad to make a short statement regarding the bull we bought from Hartley's. Our son of Glassel Dura has developed very satisfactorily. He has lots of type, is thick and short legged. The few calves that have been dropped to his service while young, definitely show these characteristics. They look to be an improvement over what we've raised heretofore, which is what every breeder seeks. The Hartley's are also fine people to do business with.

You don't ask for a statement about Moy Bounty and probably don't want one, but I will say for your benefit that we bought a heifer in their last sale bred to him. The calf she dropped is one of the four or five oldest of his calves. If the majority of his calves are as good as this heifer then he is really a breeding bull. This seven months old heifer by him is at this time the best thing on the place. She is beautiful headed, extremely thick and very stylish.

Yours very truly,

B. E. Helm

Dear Merv:

Our HARTLEY FARMS DURA 5th is a good breeder and his first calves are now arriving at the farm and they are just the kind we expected.

Sincerely yours,

Dear Merv:

HARTLEY FARMS DURA 7th has developed to look like the kind of cattle we need for fast gain and lots of weight. We have only a few calves by him at this time and they are so young that it is hard to tell how they will develop, but if they turn out to look like their sire I will be happy.

Yours truly,

Chas. F. Down
